

SLRC Nepal Survey Instrument

Namaste.

My name is _____. I am here on behalf of Nepal Centre for Contemporary Research. We are conducting a survey on livelihoods, basic services and social protection in Rolpa/Bardiya/Ilam. This interview is not mandatory but your answers to these questions are important for NCCR to make our study successful. Your views count and it will help us generate research findings and take it up to the government in the near future. It will also be an opportunity for you to share your experiences on services provided by the state.

We selected your household randomly for the survey and would like to talk to _____ for about an hour to collect information that is set in this questionnaire.

We will be conducting the same survey three years later and will come see you again then.

We value confidentiality and we ensure that all the answers you provide will be kept confidential. We will not be using any recorders to record this interview.

If there are questions I ask which you do not want to answer, please let me know and I will move to the next question.

If a respondent does not know the response, record code 999

If a question does not apply, record code 888

If a respondent does not want to respond, record code 777
