

## ADDENDUM TO FIELD SUPERVISORS MANUAL

### Community Questionnaire

- CD49 – This includes medical assistants as well as nurse or midwife.
- CD51 – This includes clinical officer as well as doctor.
- CG50 – The same type of event can be mentioned more than once (for example, having a drought twice in the passed 5 years would be two entries).
- CF22 – “non-farm” refers to non agricultural
- CG17 – Chronic illnesses are medical conditions that individuals have over a long period of time (such as more than 6 months), such as diabetes. Epidemics which hit the *community* repeatedly should not counted as “chronic illness”.
- CG28 – “non-farm” refers to non agricultural
- CH47 – Refer to the most common form of *ganyu* in the community.
