

Please note

For this census:

- This questionnaire should be completed by or on behalf of all farmers who operate their own farm, work on a rented farm or on farm land on shares.
- The items listed under subheadings “**Include**” and “**Exclude**” are only examples and should not be taken as a complete list of items to be included or excluded.
- If you conduct farming activities in two or more provinces, please request separate questionnaires in respect of the farming operations in each province. If more than one questionnaire is submitted, please ensure that no duplication takes place.
- **If exact figures are not available, please provide careful estimates.**

Part 1 – General information

1. Please indicate the ownership of the farm. Is this farm owned by: (Please tick below)

<input type="checkbox"/> Individual	<input type="checkbox"/> Close corporation	<input type="checkbox"/> Family
<input type="checkbox"/> Co-operative society	<input type="checkbox"/> Partnership	<input type="checkbox"/> Public company
<input type="checkbox"/> Private company	<input type="checkbox"/> Trust	Other (specify)
<input type="checkbox"/> Government enterprise	<input type="checkbox"/> Public corporation	<input style="width: 100%;" type="text"/>

2. Period covered by this questionnaire

Note

- This questionnaire should be completed for your financial year **ended** on any date between **1 March 2006** and **28 February 2007**.

Please indicate the period covered by this questionnaire

	From	To
.....	/ /	/ /

- If the period covered by this questionnaire is not 12 months, please explain why, e.g. change of financial year.

.....

.....

Note

- If you conduct farming activities in two or more provinces, please request separate questionnaires in respect of the farming operations in each province. If more than one questionnaire is submitted, please ensure that no duplication takes place.

3. Name of the magisterial district in which most of the farming activities covered by this questionnaire, take place

4. In which province is the farm situated? (Please tick one.)

- | | | |
|---------------------------------------|--|---------------------------------------|
| <input type="checkbox"/> Gauteng | <input type="checkbox"/> Mpumalanga | <input type="checkbox"/> North West |
| <input type="checkbox"/> Free State | <input type="checkbox"/> Kwazulu-Natal | <input type="checkbox"/> Western Cape |
| <input type="checkbox"/> Eastern Cape | <input type="checkbox"/> Northern Cape | <input type="checkbox"/> Limpopo |

Part 2 - Particulars of the farming unit

Note

The data is collected on a farming unit basis. A farming unit consists of one or more farms, holdings or pieces of land, whether adjacent or not, operated as a single unit and situated within the same province.

A **farming unit** means any unit on which one or more of the following farming operations are carried out for commercial purposes:

- The cultivation, in the open air or under cover, of field crops, fruit, grapes, nuts, seed, bulbs, vegetables, plants or flowers.
- The operation of a tea, coffee, sugar, forestry, wood or other plantation.
- The breeding of livestock, poultry, game or other animals, including freshwater fish, furred animals, and trade in livestock.
- The production of milk, wool, fur, eggs or honey.

In the case of specific types of farming where a degree of processing of the agricultural product takes place on the farming unit, these activities should be included, for example the slaughter of poultry and the drying of tea leaves and fruit (raisins, guavas, etc.).

Where two or more persons conduct the farming operations as a unit in a partnership, or as a company, close corporation or other type of ownership, these operations should, for the purpose of this census, be regarded as a single farming unit.

If separate records exist, particulars of other operations conducted in addition to the farming operations as part of the farming unit, such as a holiday resort or retreat, or a factory or a mine, should be included in **Part 6 - Other income**.

Composition and area of the farming unit as at 28 February 2007

Note

- The total area must be given in hectares. Fractions of a hectare should be rounded off (2,5 acres or 1,2 morgen is approximately 1 hectare. 100 acres are approximately 40 hectares. 100 morgen are approximately 86 hectares).

5. Land owned by you and farmed on by yourself

	Area (hectares)
Timberland	<input type="text"/>
Arable	<input type="text"/>
Grazing	<input type="text"/>
Other (e.g. farmyard, roads, wasteland, wild or veld harvest)	<input type="text"/>

6. Land owned by you and rented or leased out

	Area (hectares)
Timberland	<input type="text"/>
Arable	<input type="text"/>
Grazing	<input type="text"/>
Other (e.g. farmyard, roads, wasteland, wild or veld harvest)	<input type="text"/>

7. Land not owned by you but on which you farm

	Area (hectares)
Corporate land	<input type="text"/>
Share farming	<input type="text"/>
Rented/leased land	<input type="text"/>

Part 3 – Land-use during the reporting period

Arable land in open air

	Dry land Area (hectares)	Irrigated Area (hectares)
Area used for field crops	<input type="text"/>	<input type="text"/>
Area used for horticultural crops	<input type="text"/>	<input type="text"/>
Area under cultivated pastures	<input type="text"/>	<input type="text"/>
Area temporarily fallow	<input type="text"/>	<input type="text"/>

8. Total arable land in open air (dry land and irrigated)	Area (hectares)
9. Arable land under protective cover (e.g. green houses)	Area (hectares)
10. Natural pastures	Area (hectares)
11. Conservation areas	Area (hectares)

If you have conservation areas, please tick one:

 Woodland

 Open and transformed area

 Indigenous forest

 Wet lands

	Area (hectares)	
12. Natural grassland	Area (hectares)	
13. Plantations (trees for wood production)	Area (hectares)	
14. Woodland, forest and underbrush that cannot be utilised for cultivation or pastures	Area (hectares)	
15. All other land (e.g. farmyard, ponds, roads, wasteland)	Area (hectares)	
16. Total land used during the reporting period (Question 8 to Question 15)	Area (hectares)	

17. If you have area used for horticultural crops excluding vegetables, please complete this part.

	Bearing Area (hectares)		Non-bearing Area (hectares)	
	Dry land	Irrigated	Dry land	Irrigated
17.1. Area under vineyards				
17.2. Area under orchards				

Part 4 – Field crops, horticultural products and forestry: Area planted, production and gross farming income earned by this farming unit for the year ended 28 February 2007

Note

- If the product that you are farming with is not listed below, refer to the annexure/appendix of the other products that is sent with the questionnaire for the classification of the product. From the list provided please enter only the code of the product as shown in the list in the spaces of the other products provided below.
- 1 Metric ton = 1 000 kg. 1 Metric ton is approximately 11 bags of 90 kg or approximately 14 bags of 70 kg.
- If areas were planted with a crop or crops, but no yields were obtained, the reasons for the crop failure(s) should be given in the column “Quantity harvested” or “Total production/ crop” (e.g. drought and hail).
- All current expenditures incurred in connection with farming activities should be shown in Part 8A. Capital expenditures, such as fixed costs incurred with new orchards and plantations, should be shown in Part 9.
- Please include details of agricultural crops that are retained by you and your employees for, inter alia, seed, stock feed and human consumption and that form part of the quantity harvested or the total production/crop (column 3 and 4).
- Please show gross income earned from agricultural products sold from this farming unit for the financial year (column 5).
- The value of products and livestock sold, but for which payment has not yet been received should be included.
- **Gross farming income = total turnover before deductions.**

Field crops produced during the various production seasons (harvest years) that ended not later than 28 February 2007 (e.g. the 2006 maize harvest year)

	Planted area Dry land	Planted area Irrigated	Quantity harvested Dry land	Quantity harvested Irrigated	Gross farming income

Part 6 – Other income

136. Agri-tourism/Ecotourism

Definition

- Agri-tourism is tourism in which tourists visit a working farm or any agricultural, horticultural or agribusiness operation for the purpose of enjoyment, education or active involvement in the activities of the farm or operation.
- Ecotourism is nature-based tourism which is ecologically sustainable.

	Rand
136.1. Income earned from agri-tourism	
136.2. Income earned from ecotourism	
137. Income received for work done for other/fellow farmers (such as ploughing, harvesting, threshing, baling, picking, spraying, shearing, water drilling, earth moving and transport).....	
138. Income received from the leasing of farming equipment and vehicles (e.g. tractors, etc.) , excluding the leasing of land	
139. Other income earned from:	
139.1. Processing and small manufacturing enterprises (e.g. wine, canned and bottled fruit, etc. – please specify)	
139.2. Farm based retail stores	
139.3. Interest received	
139.4. Dividends received	
139.5. Rent on land	
139.6. Salaries and pensions	
139.7. Water rights traded	
139.8. Redemption, liquidation or revaluation of liabilities at a value lower than the book value, if credited	
139.9. Sale or realisation for cash or revaluation of assets at a value higher than the book value, if credited	
140. Income earned from other sources (e.g. rebates – animal feed, etc.) – please specify	
141. Income earned from animal speculation	

Part 7 – Employment

Number of owners/family workers as at 28 February 2007

	Number	
	Male	Female
142. Owner who farms for him/herself, including part-time farmers	<input type="text"/>	<input type="text"/>
143. Other owners directly involved in the farming activities	<input type="text"/>	<input type="text"/>
144. Family members involved in the farming operation but who do not receive regular salaries	<input type="text"/>	<input type="text"/>
145. Total (<u>Question 142 to Question 144</u>)	<input type="text"/>	<input type="text"/>

Number of full-time employees as at 28 February 2007

Include

- Anybody who receives regular salaries.
- Office staff includes domestic workers where possible.

	Number	
	Male	Female
146. Office staff	<input type="text"/>	<input type="text"/>
147. Farm managers	<input type="text"/>	<input type="text"/>
148. Farm foremen	<input type="text"/>	<input type="text"/>

Definitions

- A skilled employee has received at least a couple of weeks or months training outside the work situation. In most cases a level of education of at least grade 9 or 10 is required.
- An unskilled employee has not received any formal education or training.

149. Employees who normally do farm work:

	Number	
	Male	Female
Skilled	<input type="text"/>	<input type="text"/>
Unskilled	<input type="text"/>	<input type="text"/>
150. Total (<u>Question 146 to Question 149</u>)	<input type="text"/>	<input type="text"/>

Note

- If exact figures are not available, please provide careful estimates.

	Number		
	Male	Female	Total
151. Number of dependents who normally do not do farm work	<input type="text"/>	<input type="text"/>	<input type="text"/>
152. Number of other residents on the farm	<input type="text"/>	<input type="text"/>	<input type="text"/>

Number of casual and seasonal workers employed during the financial year

Exclude

- Contractors and their employees.

Include

- Family members who do receive salaries/remuneration for periods employed.

	Number of casual and seasonal workers that worked less than 3 months during the reporting period		Number of casual and seasonal workers that worked more than 3 months during the reporting period	
	Male	Female	Male	Female
153. Casual, seasonal, occasional and day labourers, e.g. shearers, reapers and fruit-pickers	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Part 8A – Current expenditure in respect of this farming unit incurred in connection with farming operations during the financial year

Notes

- Where farming activities are situated in different provinces, the division of data between the provinces can be calculated on the basis of, for example, the areas of the different farming units.
- Railage and rented transport must be included with the relevant purchases.
- Cost price of payment in kind is the costs for the farmer of rations such as maize meal, flour, slaughter animals, meat, fish, milk, bread, coffee, sugar, tobacco, clothing (social), shoes (social), transport, training and medicine provided for farm and office workers, and medical expenses paid on their behalf.

Exclude

- Capital expenditure/purchase of assets (included in Part 9).

	Farming expenditure
<u>Full-time employees</u>	
	Rand
154. Salaries, cash wages and cash bonuses	<input type="text"/>
155. Cost price of payment in kind	<input type="text"/>

Farming
expenditure

Casual and seasonal paid workers

Rand

156. Salaries, cash wages and cash bonuses

157. Cost price of payment in kind

Other current expenditure

158. Advertising and marketing expenses

159. Depreciation provided for during the financial year

Note

- Report depreciation or provision for depreciation as recorded in the financial or management accounts on all assets such as machinery, equipment, office equipment (e.g. computers), tractors, motor vehicles and other transport equipment.

160. Electricity costs

161. Excise and custom duties

Include

- Only the tax portion of docking costs, harbour costs, landing fees and other import costs.

Exclude

- Company tax.

162. Fertilisers purchased, such as agricultural lime, fertiliser, guano, kraal manure and compost

163. Fuel, lubricants and grease purchased

164. Insurance premiums paid for crop insurance

165. Insurance premiums paid regarding farm property, such as buildings, vehicles, machinery, implements and animals

166. Interest paid on mortgages and on money borrowed

167. Licence fees paid for vehicles, trucks, trailers, tractors, etc.

168. Maintenance of and repairs to buildings, dams and fencing (cement and lime; wire, galvanised iron and hardware; wood and other building and fencing material)

169. Maintenance of and repairs to all machinery, vehicles, agricultural implements, pumps and other equipment, including spare parts for motor vehicles, tractors and implements

170. Losses from the redemption, liquidation or revaluation of liabilities at a value higher than book value, if debited

Farming
expenditure

Rand

171. **Losses on assets or investments sold or revalued (not related to normal trade activities)**

Include

- Losses from the sale or realisation for cash or revaluation of assets or investments at a value lower than book value, if debited.
- Provision for bad debt and bad debt written off.
- Assets written off.
- Losses on share trading.
- Impairments of assets.

172. **Membership or affiliation costs.....**

173. **Operating leasing and hiring of plant, machinery, equipment and vehicles**

174. **Seed, seedlings, seed potatoes and other plant material purchased (excluding vine cuttings and plant material for plantations and orchards)**

175. **Stock, poultry and aquaculture feed purchased**

176. **Packing materials purchased, such as wool-packs, grain bags, orange and potato pockets, binding twine, cartons, crates, trays, cases, shooks and and baling wire**

177. **Payment of tax (e.g. council levy), exclude vat and income tax**

178. **Plant/animal health services (plant pathologists and veterinary services), including artificial insemination and remedies supplied by veterinary surgeons**

179. **Property rates paid to municipalities**

180. **Protective clothing purchased for farming or farm employees**

181. **Remedies purchased for combating diseases and pests in livestock, poultry and aquaculture, such as dips, dosing remedies, disinfectants and vaccines**

182. **Remedies purchased for forage, field and horticultural crops, such as insecticides, fungicides, weed-killers and preparations for treating seed**

183. **Rental, usufruct and grazing rights paid for land (including payments in respect of land farmed on shares)**

184. **Research costs**

185. **Security services (if applicable) to safeguard the farm and maintenance costs of security systems**

186. **Services rendered by contractors, co-operatives, co-farmers, etc., (e.g. ploughing, harvesting, threshing, baling, picking, spraying and shearing) ...**

Farming
expenditure

Rand

187. Stream flow reduction activity water use charges.....

188. Transport costs of your agricultural products (excluding your own transport costs), such as milk, cream, wool, maize and livestock to the station, depot or market and the renting of vehicles for transportation purposes

189. Water purchased

190. Other farming expenses (e.g. banking costs and telephone accounts, but excluding salaries and wages as shown in Part 8A, and purchased assets (e.g. livestock totals). Specify the most important items:

.....

191. Total current expenditure (Question 154 to Question 190)

Rand

192. How much of the total expenditure goes to Agri-tourism

Part 8B – Purchased livestock, poultry and additional products

Rand

193. Cattle

194. Sheep

195. Goats

196. Poultry

197. Ostriches

198. Other poultry

199. Game

200. Aquaculture

201. Other livestock (specify)

202. Additional agricultural products (e.g. milk, eggs, etc.) purchased in combination with own/established products to reach or satisfy a specified quota

Part 9 – Market value of assets and capital expenditure during the financial year

203. Market value of assets and amount spent on buildings, installations, machinery, vehicles and other improvements

Notes

- Give realistic estimate of market value of the assets.
- The value of land and buildings must be shown separately and should be estimated, if necessary.
- Major improvements of buildings, machinery, transport equipment and new developments (e.g. fences, deforestation, boreholes) count as fixed capital formation and should be included in column 3.

Type of asset	Market value of assets at the end of February 2007 Rand	Capital Expenditure	
		New Erection of new buildings and works; additions to and alterations of existing buildings and works; work in progress capitalised; new plant, machinery and vehicles and used plant, machinery and vehicles if imported Rand	Existing Acquisition of land; existing buildings and works; used plant, machinery and vehicles Rand
