**DEFINITION OF OPERATORS**

**REMARKS**

AGRICULTURAL OPERATOR

*A person who takes the technical and administrative responsibility of managing a holding. He/she is responsible for making the decisions of the operation, including the management and supervision of hired labor. The operator may work alone or with members of his/her household, or may employ others to work. He/she may or may not be the owner of the land. A person may be an agricultural operator regardless of size of land tilled or number of animals raised.*

AQUACULTURAL OPERATOR

*A person who takes the technical and administrative responsibility of managing the day-to-day operation of an aquafarm. The aquacultural operator is responsible for making major decisions including the management and supervision of hired workers in his/her aquafarm. He/she may do the farming (culturing) of aquatic products himself/herself or with the members of his/her household or may employ others to do the job for him/her. An aquacultural operator may or may not be the owner of the aquafarm.*

FISHING OPERATOR

*A person who takes the technical and administrative responsibility of managing the day-to-day fishing operation. He/she is responsible for making decisions, including the management and supervision of hired workers in his/her fishing operation. He/she may do the catching of aquatic products alone or with the members of his/her household. He/she may not do the catching or gathering of aquatic products but may employ others to do the job for him/her. He/she may or may not be the owner of the fishing boat and/or fishing gear.*
